

Einhell

PROFESSIONAL

**GARDEN
2026**

THE EINHELL PROFESSIONAL PHILOSOPHY.

**Quality you can see. Performance you can feel.
Designed for everyone who needs to deliver on a daily basis.**

Anyone working professionally needs tools they can rely on at all times. The Einhell Professional range stands for uncompromising performance, high-quality workmanship and a clear focus on the needs of commercial users. It is specifically designed for professional tradespeople, gardeners and landscapers, as well as demanding power users who use their tools intensively on a daily basis under heavy-duty conditions.

Target audience: Commercial users with professional requirements

Here, uncompromising quality meets sophisticated design and maximum performance.

Performance

More powerful and compact brushless motors for optimised power transmission enable faster progress and consistent performance.

Quality of materials

The use of robust housing materials, reinforced components and durable gearboxes ensures significantly improved resistance to wear, dirt, moisture and mechanical stress.

Functionality

Additional features such as ergonomic soft grips, intelligent controls and advanced safety functions enhance efficiency, precision and user comfort in day-to-day professional use.

Ergonomics & Design

A distinctive, high-quality product design conveys professionalism at first glance. Improved ergonomics, optimised grip areas, balanced weight distribution and high-quality finishes inspire confidence and enhance the quality of day-to-day work.

ENHANCED MOTOR PERFORMANCE AND MORE BATTERY POWER

The PROFESSIONAL tool range and brushless technology form the Dream Team for: More power. More reliability. More endurance.

Combined, they ensure that these powerful cordless tools exceed even the highest expectations.

THE EINHELL GUARANTEE PROMISE.

In addition to offering excellent value for money, we also ensure that our products are reliable, high-quality and safe.

This is reflected in our various warranties: take advantage of our warranty extension on Einhell tools and Power X-Change batteries to benefit from our top warranty service for even longer.

- » **3-Year Einhell Product Warranty**
Warranty extension for your Power X-Change device to 3 years.
- » **30 DAY Money Backk Guarantee**
For 100% satisfaction with your Power X-Change device.
- » **Power X-Change Battery Warranty**
Warranty extension for Power X-Change batteries to 3 years.

* This warranty covers only defects in the engine that are due to a material or manufacturing defect!

THIS IS HOW

Find out more at einhell.de, **register** in your customer account and **apply** for the warranty. Further information is available at www.einhell.de/en/services/warranties/

PROFESSIONAL WARRANTIES

- » **PROFESSIONAL WARRANTY**
3-year warranty, even for commercial use.
Confident of the durability of our PROFESSIONAL tools and garden equipment, we offer an extended 3-year warranty, even for commercial use.
- » **BRUSHLESS WARRANTY**
10-year warranty on Einhell brushless motors.
We are committed to the reliable quality of our tools and the safety of our products. When you register your new Einhell brushless product, the warranty on your Einhell brushless motor is extended to a total of 10 years.

THIS IS HOW

Find out more at einhell.de, **register** in your customer account and **apply** for the warranty. Further information is available at www.einhell.de/en/services/warranties/

ONE BATTERY FOR OVER 350 TOOLS, ELIMINATING SYSTEM CHAOS.

POWER X-CHANGE is the only truly standardised battery platform for home, garden and workshop use. While other manufacturers use diverse battery systems, Einhell consistently relies on a **single, universal platform for all purposes**. The **PXC BATTERY** fits in any device, regardless of whether you are using a drill, lawn mower, wet and dry vacuum cleaner or high-pressure cleaner. **This eliminates system chaos, the need for different chargers and compatibility issues.**

Other brands offer separate battery platforms for each of their performance ranges. This leads to confusion and additional expense, because different batteries are needed for different devices. With **POWER X-CHANGE**, you won't have this problem! A single system covers the entire range of tools, from garden equipment and household tools to recreational products.

FLEXIBILITY AND PERFORMANCE ACCORDING TO YOUR NEEDS.

Each situation poses unique challenges in terms of performance. With **POWER X-CHANGE**, you are free to select the precise battery capacity that suits your project's needs. Thanks to battery options ranging from **2.0 Ah to 8.0 Ah**, you are free to choose whether you prefer lightweight tools with low energy needs or high-performance machines with maximum runtime.

For particularly demanding tasks, **two 18 V batteries can be combined to produce 36 V.**

Runtime is automatically doubled on certain tools

Selected tools intelligently run on two 18 V batteries, one after the other:

- One PXC battery runs while the other waits its turn.
- The tool automatically switches over to the second battery when needed.

This results in double the runtime, with no need for interruptions or manual action.

When combined with tools that use two batteries at once for 36 V, you can have up to four batteries in place, offering 2x 36 V and automatically switching over. Perfect for prolonged use and steady performance.

THE BATTERY PLATFORM THAT GROWS WITH YOU.

A single investment in the **POWER X-CHANGE** system offers long-term flexibility. From a cordless screwdriver today to hedge trimmers tomorrow, your PXC battery grows as your projects develop. The platform is designed for expansion, so that you can add new tools at any time without having to worry about battery compatibility.

Featuring over 350 tools, **POWER X-CHANGE** is one of the largest battery platforms on the market. The product range is constantly growing, ensuring not only that you have the right tool for your current project but also that you are well equipped for the challenges to come. **Einhell is focused on the future: once you join the system, you will benefit from new opportunities for years to come.**

COST-EFFICIENT, PRACTICAL AND SUSTAINABLE.

POWER X-CHANGE not only saves you money, but also space and resources. Why buy a different battery for each tool when you can have a single type of battery that fits every purpose? This results in a lower purchase price and also eliminates the need for additional chargers.

Our carefully designed battery technology ensures that PXC batteries afford exceptional durability and efficient energy management. Fewer batteries means fewer raw materials used and less electronic waste. Thus, Einhell makes an important contribution to sustainability and resource preservation while at the same time saving you, the consumer, money.

INNOVATIVE BATTERY TECHNOLOGIES.

For use under the toughest conditions, **SEALED Technology** (rated IP57) protects the PXC battery from water and dust.

With up to 1350 watts of power per PXC battery, PXC tools offer top-rate cordless performance. Thanks to **Twin Pack Technology**, two 18 V batteries can be combined to produce 36 V, providing up to 2700 watts of power.

Multi-Ah Technology allows you to choose between maximum runtime (+60 %) and a service life that is 3x longer by simply pushing a button.

The Active Battery Management System (ABS) reliably protects the battery from overload, deep discharge and overheating through constant cell monitoring and smart load management. At the same time, ABS optimizes each cell for maximum runtime, extended service life and safe performance. In sleep mode, the system saves energy, keeping the battery ready for use.

With **POWER X-CHANGE Plus**, batteries offer not only more capacity, but also more power, exactly when and where it is needed.

POWER X-CHANGE PLUS

By switching to the new "21700" cell format (21 mm diameter, 70.0 mm length) our latest Power X-Change batteries have acquired the best combination of power/running time and weight.

Why? Using this cell technology it is possible to achieve the same power and running time with five cells instead of the previous ten.

Benefits? The new batteries are 13% more compact and 12% lighter than their predecessors – at 100% power and running time.

Results: Light-weight all-rounders for energy-intensive applications such as in cordless chainsaws.

MULTI-AH

Thanks to MULTI-Ah Technology, switching over from a 5 Ah battery to a 8 Ah battery is really easy and can be done with just the push of a button. The 5 Ah battery has a 3x longer total service life and is suitable for lighter applications (e.g. cordless lamp or cordless screwdriver). The 8 Ah battery offers them maximum running time for more capacity-intensive applications (e.g. cordless lawn mower or cordless wet and dry vacuum cleaners).

TWIN-PACK

Every Power X-Change battery from Einhell has a voltage of 18 V. If more power is required for more powerful tools, **two 18 V batteries are simply combined in one 36 V device** thanks to Twin-Pack Technology. Doubling the voltage automatically doubles the power.

Double Twin-Pack Technology allows you to work even longer without recharging. This uses four batteries. If the first two batteries are empty, the system automatically switches to the two additional batteries.

SEALED

NO CHANCE FOR DUST AND WATER.

Officially tested according to IP57 protection class.*

WHAT DOES IP57 MEAN?

DUST 5

Protected from all types of foreign bodies and dust – be it wood, brick or metal.

7 WATER

Protected from high pressure water spray and temporary submersion – to a maximum depth of 1 m for up to 30 minutes.

In addition to the sealed housing there is a sensor controlled safety cut out to prevent short circuiting under water.

After the contacts have been dried, the battery is ready for use again.

* Protection according to IP57 applies to the battery itself. It does not apply to tools operated with the battery.

SEALED TECHNOLOGY

Our most advanced battery system SEALED

PROFESSIONAL CORDLESS SCARIFIERS/AERATORS GP-SA 36/40 Li Brushless

NEW

PXC battery voltage	2x 18 V (4 battery slots)	
For lawn areas of up to approx. (The stated area coverage is based on the assumption of ideal conditions)	1100 m ²	
Working width	40 cm	
Working depth adjustments	3 settings + parking position (-3/-6/-9/+10 mm)	
Number of blades	18 pcs	
Wheel diameter front / rear	178 mm / 178 mm	
Housing material	Steel	
Product weight	18.5 kg (excl. batteries)	
Number of aerator claws	52 pcs	
Grass box capacity	45 l	
Number of batteries / chargers included in the scope of delivery	0 pcs / 0 pcs	
Article number	3420616	 4 006825 689532

DOUBLE TWINPACK

2x 18 V

Max. lawn area that can be scarified per battery charge (The stated area coverage is based on the assumption of ideal conditions)

Matching accessories

	Gutter Cleaning Set (5-piece)	3433559	
	Car Drying Nozzle	3433562	

- High blowing capacity**
up to 670 m³/h
- Air speed**
up to 200 km/h
- Brushless**
durable and powerful
- Speed control**
with turbo switch
- Rugged metal ring**
Clear wet leaves

PROFESSIONAL CORDLESS LEAF VACUUM VENTURRO 36/240

PXC battery voltage	2x 18 V
Max. blow velocity	240 km/h
Max. suction power	740 m³/h
Idle speed	8000 - 15000 min ⁻¹
Shredding function	10:1
Debris bag volume	45 l
Product weight	3.6 kg (excl. batteries)
Number of batteries / chargers included in the scope of delivery	0 pcs / 0 pcs
Article number	3433640

BRUSHLESS

2x 18 V
